PROJECTS

BUCKET LIST

GITHUB | [tsmit291/bucketlist](#)
VIEW SITE | [g18-bucket-list.herokuapp.com](#)

A collaborative project allowing users to make 10-item bucket lists. Users are able to search within the app and see other users' bucket lists for pictures, resources and inspiration.

TECHNOLOGIES | Express, Facebook OAuth, Knex.js, SASS, PostgreSQL, Cloudilly API

CONNECT-ME

GITHUB | [tsmit291/ConnectMe](#)

An in-progress collaborative freelance project for a technical recruiter. Add new connections and how you met, search for freelancers via skillset, languages, availability and contact information.

TECHNOLOGIES | MongoDB, Express, Angular, Node. JS, Satellizer.js, LinkedIn OAuth

DENSE-ITY

GITHUB | [tsmit291/dense-ity](#)
VIEW SITE | [dense-ity.firebaseio.com](#)

An assessment of world population in two and three-dimensional configurations. Hover over a country for population then click a country to perform calculations.

TECHNOLOGIES | Javascript, JQuery, Google Maps, GeoChart Visualization library, United Nations
